HANBERRY, AMOS
AND BENNETT ARE
HELD FOR DAMAGES

Rucker and Stephens Get
Verdicts in Night Rider
Cases.

Nearly All Defendants Are
Dismissed.

FEDERAL COURT ADJOURNS.

Former Police Judge Charles W. Tucker, of Eddyville, Ky., was given \$10,000 damages against Dr. David A. Ames, of Cobb, Ky., and Wallace Bennett, of Lyon county, late yesterday by the jury. A. L. Mitchell, the third defendant remaining after the dismissal of about 20 others yesterday by Judge Evans, was dismissed in the verdict. Dr. Ames, who was represented by Attorney Eisenby, is ill at his home and in aid to have received permanent injuries several days ago by a severe fall, in which he injured his spine. He was unable to be present. As to Bennett, who did not answer to the petition, the jury took no cognizance of the allegations against him. About 130 of the original defendants were dismissed from the action several months ago when settlements were made with Mr. Tucker, who is now a resident of Maysville, Ill.

The suit of his daughter, Mrs. Laura Toomey against Dr. Ames and the same defendants named in the petition of her father, was continued until the April term of court in 1911.

The case was given to the jury at 2:30 o'clock yesterday afternoon. The jury reported at 6:40 o'clock. In the verdict the amount of damages is subject to a credit of \$3,000, fixed by the jury, as being approximately the amount received by Mr. Rucker in settlement with other defendants.

The suit of Tom Stephens against Alonso Gray and others for alleged night rider outrages, resulted in the jury finding a verdict against only one defendant, Adolph Hanberry for \$200. Attorneys Walter Krone representing the plaintiff failed to make out a case against the other nine defendants who were represented by Attorneys Miller & Miller. The defendants named in the petition against whom \$20,000 damages were assessed were: Alonso Gray, Tom Jones, Milton Oliver, Luther Gray, Adolph Hanberry, Will Marshall, Edward Gray, Luther Gray, Bert Gray and Will Cummins.

Wallace Bennett is a nephew of Henry Bennett, of Eddyville, who died from the effects of the night riders' treatment. Adolph Hanberry is a preacher, and is related to the postmaster at Eddyville and the judge of the Third district.

The Trial.
The trial began after the dismissal of J. S. Hodge as one of the defendants. Milton Oliver was placed on the stand but refused to testify at the court's advice for fear of incriminating himself. Attorneys Miller & Miller then asked for Attorney Krone as a witness. Mr. Krone was county attorney of Lyon county at the time of the alleged whipping administered by "night riders" to Tom

She leaves four daughters: Mrs. Allison, of Woodville; Mrs. Mollie Duley, of Livingstone Point; Mrs. W. H. Lay, of Birdsboro; and Mrs. Myrtle Kuhl, of Shiloh, Fla. She was a widow. The body will be shipped to Rayon tomorrow afternoon and burial will take place there Friday morning.

All Night Battle Waged Between
Rural Guards and Revolutionists
at Town of Correón Near Border

Unless Soldiers are Re-enforced
Town is Likely to Fall
...Careful Not to Injure Any
Property of Americans.

El Paso, Tex., Nov. 23.—The hardest fighting yet against Diaz is reported here today by telephone from Correón, where 1,300 soldiers and Indians were engaged all night with 4,000 revolutionists. Federal troops and hundreds of towns people fired from house tops upon the rebels as they entered the town. Once the rebels and the defenders engaged in hand to hand fight and 100 soldiers were captured before the revolutionists, withering under the rifle fire, withdrew with their dead and wounded.

The last reports today are that the battle is undecided, but rebels are reported gathering at the town by hundreds. The city may be captured unless the troops are reinforced.

Revolutionists Cautioned.

Mexicans here today were advised of a proclamation issued by Francisco I. Madero, cautioning his followers against molesting foreign interests in Mexico. He called attention to the fact that Americans own a minority interest in the National railroads of Mexico. This and the mine and smelters will be protected to avoid the establishment of a military protectorate by the United States.

Country Is Divided.

Washington, Nov. 23.—Southern Mexico has practically been cut off from the northern portion by the destruction of the railroad and telegraph lines.

This is the burden of unofficial news received here tonight.

Senor Delaterra, the Mexican ambassador, who declared the reports of the revolution were greatly exaggerated, has had no audience tonight. The state department is likewise without information.

The recipients of unofficial information declare that Vera Cruz will be captured by the revolutionists within three days, and that the revolutionary movement is sweeping northward. A copy of the proclamation issued by General Madero was received here today. So far it has not been formally presented to the state department.

It contains an outline of the proposed new government and pledges Mexican protection to American lives and property.

Newspapers Barred.

El Paso, Nov. 23.—An order was issued by the Mexican postal officials refusing admittance to all American newspapers containing references to the Mexican revolution.

Says Movement Is Failure.

Washington, Nov. 23.—That the revolutionists of Mexico are doomed to defeat in the opinion of Henry Lane Wilson, American ambassador at the Mexican capital. Wilson has reached the conclusion, which he has transmitted to the state department, that owing to the excellent disposition of the Diaz military forces, the revolutionary movement

CRIPPEN HANGED
THIS MORNING ON
STROKE OF NINE

Prisoner Never Faltered On
His Way to Gallows...
No Statement.

Spent Sleepless Night in His
Cell.

HIS CONFESSION IS DENIED.

London, Nov. 23.—Dr. Crippen was hanged at 9 a.m. (4 a.m. New York time). He did not falter once in marching to the gallows. A seven foot drop broke his neck and the physicians reported instant death.

Before dying Crippen joined the Roman Catholic church and received the last rites from Father Carey. The Pentonville jail authorities prohibited questioning the prisoner regarding the alleged confession printed by the London Times. Solicitor Newton, Miss Lenore, the jailers and prison officials of the home office all denied that Crippen had confessed.

Crippen spent a sleepless night, arising frequently to ask the time of night. He died without knowing that his father had died in Los Angeles last Friday. Crippen refused breakfast.

The whole country through which I passed is in arms, and in many places a state of terror prevails, I was in Monterey Sunday. The troops are in full control. Everything is quiet. At the station I saw thirty men, each carrying a rifle, get off the train. The police and rurales surrounded them, but I don't know the outcome, as the train pulled out.

I reached Torreon Monday and found the Gomez Palacio in the hands of the revolutionists. Everything is closed at Torreon; business is at a standstill. A mining engineer and myself visited the Gomez Palacio on a tram car, and we saw dead bodies lying about the streets, and were told a battle had taken place between the revolutionists and the rurales. It was said that 200 soldiers had deserted and joined the insurgents. There was fighting around the palace for several hours and we saw some of it. The chief of police was shot dead.

"It is impossible to send a telegram, buy a paper or get anything to eat at Torreon. We heard rumors of battles at other places, especially at Parral, where it is reported that 67 persons were killed. Rumors spread up so fast it was impossible to verify anything."

Government Troops Revolt.

Galveston, Tex., Nov. 23.—Unusual vigilance is being exercised by the federal authorities in approving cartridges clearing for Mexican ports. Every case and package is being opened. A private cable from Correón says that 600 Mexican soldiers joined the revolution today and are awaiting the arrival of Medero near that town. Medero is carrying a corps of telegraphers, who by tapping government wires, follow the movements of the army.

**BURGLARS GET PLENTY
OF WEARING APPAREL**

The residence of Leopold Reber, 917 Clark street, was burglarized early last night and clothing valued at \$100 was stolen. The police bloodhounds failed to pick up a trail. Mr. and Mrs. Reber were absent from home from 6:30 o'clock until 8:15 o'clock, when they returned to find the front door unlocked and side window raised. The topsy-turvy condition inside told the story. Mr. Reber's suit of clothes, valued at \$10, and the wedding suit of E. Wurtz, his son-in-law, were stolen besides a lot of bedclothes, towels and other garments. The robbery was committed between 7 and 8 o'clock and the thief entered the house by means of skeleton key. The bloodhounds were taken to the scene about 8:30 o'clock, but no scent could be taken. There is no clew.

**TURKEY MEAT OUT OF
REACH OF MANY FOLKS**

Many turkeys got it in the neck today, but figuratively a number of housewives were equally unfortunate when they went to market with the expectation of securing a turkey cheap. This morning the Thanksgiving day bird soared, and went beyond the reach of a great many citizens. Dressed turkeys retailed from 17 to 25 cents a pound, while the live turkeys sold from 15 cents to 18 cents a pound. Last year the dressed turkeys sold for 18 cents a pound, while the live turkeys sold for under 10 cents. Turkeys around Paducah this year were scarce, while the foreign markets took all the birds that could be secured, and the farmer with flock of turkeys found little difficulty of selling them for topnotch prices. Many housekeepers purchased chickens, but the poultry day. Nobody was at home when the brought high water prices. Dressed fire brook out, and all the household chickens retailed from 25 to 75 cents while undressed chickens sold several hundred dollars with no insurance.

American Association Buys Up
Paducah Kitty League Franchise,
According to Authentic Report

If Deal is Closed This City
Will Have Fast Ball Team,
Being "Farm" For Big League
Players.

By the purchase of the local Kitty league franchise by the owner of one of the American Association clubs, Paducah will become the farm for the surplus players of the bigger clubs and the fans are assured some swift baseball next summer. The agreement for the transfer of the franchise is satisfactory to both parties, but the local directors decline to give out the name of the American Association club until the papers are signed.

The new owner will assume the indebtedness of the local club, which is only a few hundred dollars, and the Kitty league franchise will be turned over to him without charge. This step is taken by the directors to insure the fans that they will have better baseball than the local organization could afford. The men at the head of the club assumed the responsibility of the trying position simply to furnish the fans with league baseball last summer, and no attempt was made to make money.

Today Mr. W. E. Cochran, treasurer of the league, and a director of the local club, said: "I have seen all of the local directors, and the proposition for the American Association owner to have the franchise gratis with the assumption of the local debt is satisfactory. The terms of the agreement are satisfactory to him, and the deal will be made although we cannot disclose the name of the club now."

The news will be pleasant to the local fans as it will insure organized baseball next season, and also faster players. The players signed by the big league club and not quite experienced enough for fast company, will be sent to Paducah. In this way the Paducah can secure a team composed of the pick of the minor leagues. McLeansboro, which won the pennant this year, is a farm for the Evansville Central league club, and it was responsible for the swift players with the McLeansboro team.

**SCHOOLMATES CARRY
CASKET TO THE GRAVE**

Miss Lillian Smith, of Reidland, died this morning at 5:30, and will be buried tomorrow at 2 p.m. at the Oakdale cemetery, near Sharp. Eight of her school mates will be the pallbearers. They are: Fay Sullivan, Della Holmes, Mabel Brooks, Lillian Hart, Annie Corder and Bettie Russell.

Miss Smith was the daughter of Mrs. Tina Smith, and she was 18 years of age. She was a member of the Reidland Methodist church, and the Rev. Wm. Harris of Oak Level, will preach the funeral sermon. A quartet of young men friends will sing the music.

**SANFORD HALL IS
GIVEN SENTENCE**

**NIGHT RIDER WITNESS 'TOTES
PISTOL' GUARDED BY
SOLDIERS.**

Sanford "Sam" Hall, the confessed night rider, who was a star witness in the night rider suits in federal court yesterday, was fined \$25 and sentenced to 10 days in jail in police court this morning on a charge of carrying concealed a deadly weapon. Judge Cross granted him an appeal. A charge of pointing and flourishing pistol was dismissed on motion of Prosecuting Attorney Martin. Hall was arrested last Saturday upon complaint of Ferron Brothers, who charged him with raising a disturbance in their restaurant on Broadway between Second and Third streets. Hall gave his name to the police as "Sam" Hall, and was under guard by state troops Monday and Tuesday.

Fire at Palma

Palma, Ky., Nov. 23.—(Special)—The home of Mrs. A. Bryan, a widow, residing one mile east of Palma, was destroyed by fire yesterday. Nobody was at home when the brought high water prices. Dressed fire broke out, and all the household chickens retailed from 25 to 75 cents while undressed chickens sold several hundred dollars with no insurance.

PACKET LINES OF
THE CUMBERLAND
DIVIDE STREAM

Ryman Line Will Operate
Above Nashville, Other
Company Below.

The Richardson, Nashville and
Electra For Latter.

ROBERT RHEA FOR UP STREAM.

A well founded rumor of wide interest affecting the control of the Cumberland river above and below Nashville has leaked out in Paducah. The rumor is to the effect that the Ryman steamboat line and the Cumberland River Packet company have divided that stream, the Ryman line to have control of the upper Cumberland and the independent company to operate below Nashville.

No details are known, but from "cook house talk" it is rumored that the Cumberland River Packet company has sold the steamer Robert Rhea to the Ryman line and has purchased from the Ryman line the two packet boats, J. B. Richardson and Electra, the latter boat which is now chartered by the Lee Line of Memphis during the low stage along the Mississippi.

Mr. George F. Phillips, local agent for the Ryman line, said today he has heard only street talk of the change and has not been advised from the headquarters at Nashville. Local rivermen say the reported change is not a surprise to them.

With the agreement the Ryman line will own the steamers Robert Rhea, Bob Dudley, Reuben Dunbar and Henry Harley and operate them above Nashville. This leaves the Cumberland River Packet company in possession of the J. B. Richardson, Electra and Nashville.

The J. B. Richardson and Bob Dudley are tied up at Paducah for the present. The Rhea, Dunbar and Harley are at Nashville on account of low water, and the Nashville is running between Louisville and Evansville.

The deal in which the boats exchanged hands, is said to have been consummated at Nashville this week at a meeting of the heads of both lines.

City Weigher Protest

Mr. J. F. Wright, city weigher, took exception to the statement that he is or ever was a Socialist. That story was started by someone, who wished to injure my chances for re-election as city weigher," said Mr. Wright.

No Word From Relatives.

No word has been heard from relatives regarding the disposition of the body of Mrs. T. W. Bolin, who died at Riverside hospital Tuesday morning. Her body is at the morgue of Naice & Rogers, where it will be held pending information. Her husband, who is ill of pneumonia at Riverside hospital, is improving, and his recovery is expected.

ENJOIN ELEVATOR MEN. ENTERING BUILDING

Suit for injunction to prevent employees of the Otis Elevator company, of New York, from entering the new office building of the City National bank was filed in the McCracken circuit court today by the Falls City Construction company. The injunction was granted this morning, but the elevator company executed a bond of \$2,500. However, this afternoon there were negotiations underway for a settlement of the suit. The Otis Elevator company secured the contract to install three elevators in the building from the Falls City Construction company, which has the contract for the building. The construction company alleges that the elevators are not satisfactory to the owners of the building, and the suit was filed to prevent the elevator employees reaching the elevators. An attempt was made to file the suit last night at midnight, and it is said that the elevators were locked, and precautions taken that none of the employees of the elevator company could reach the lifts.

"First Citizen of Nashville" Is Honor Accorded Former Paducah Boy

Referring to a signal honor just bestowed. It was pointed out by the various speakers that the office which has come to the man whom the bankers of the nation have so signally honored does not only draw attention to the man alone, but also to the city of Nashville and the south, for it is an honor which few can hope to attain. It was also shown that the elevation of Mr. Watts came at the reward of merit and his qualifications and peculiar fitness for the position were dwelt upon by several of those who responded to toasts. The toasts were spiced with anecdotes, flashes of wit and incidents in the life of the guest of honor not only as a banker, but as a boy when he used to pitch for the home team, as a golfer and automobilist, a friend and chancery. At times it would have been hard to determine whether the banquet was in honor of some returning hero of the athletic fields or whether it was

a meeting of bankers assembled to pass upon certain currency reforms or establish a central bank, but through it all there crept many expressions of pleasure and appreciation of the honor that had come to a citizen of Nashville, who was referred to as the first citizen of Nashville who had ever attained national recognition as a financier. Mr. Watts in his response referred to the silver loving cup which had been sent across the continent to him by forty-five business men of Nashville on the occasion of his election as president of the American Bankers' Association, the cup occupying a place in front of the toastmaster, and being a handsome testimony of the love and esteem in which he is held by the home folks and his business associates and friends. He expressed his appreciation of the presence of his co-workers and fellow officers of the American Bankers' Association who had come many miles to be present at the banquet, and to the friends of his boyhood days and his associates and friends in Nashville who had publicly attested to the esteem in which he is held as a man, a banker and

Daily Thought.

We can hardly learn humility and
tenderness enough except by suffering.—George Elliot.

New Mexico is safe and sane.

Like all great men, it seems, Diaz
has his enemies.A rain will make the farmers all
the more thankful.We are in doubt whether it is
alleys or alleys Joe Wending
wants.Some interesting persons will at-
tend the conference of governors at
Frankfort.In these days of suffragettes and
woman's rights movements, it is a
fine thing to witness a play like
"The Spendthrift" that says something
in behalf of down-trodden man.

A REVOLUTIONARY DOCTRINE.

We have been taken to task for de-
claring that socialism is immoral,
as we understand morality; Irreligion-
ous as we understand religion, and
vicious, in that it is destructive of
every principle upon which modern
civilization is predicated. We know
that the great majority of those, who
registered at the polls as Socialists,
represent only a protest; but they
are in great danger from the com-
pany they keep, if they only knew it.Scratch a real, steeped in the doc-
trine Socialist and you will find a
"philosophical anarchist", and
scratch that kind of a fellow and you
will find an atheist and a hater of
everyone outside his "class." They
will tell you that Christ himself was
an "anarchist" and that, if the world
followed His teachings there would
be no distinction between bastard
and legitimate children. They would
put all employment in the hands of
the state, which is reactionary, a re-
turn to the dark ages of industrial
history; they would replace the
home with the state, and in order to
do this, they have absolutely to over-
turn all our modern principles and
theories, builded through centuries
of Christian civilization and human
experience.But the Socialists will say "we
don't advocate any such thing. Here
are what we advocate?" And then
he will enumerate the doctrine and
principles of his cult. But there is
a legal maxim, which runs to the
effect that a man is presumed to in-
tend every natural and logical conse-
quence of his act and word; and
when the Socialist advocates certain
things, he must necessarily include
everything essential to making those
things effective and the natural and
logical consequences flowing from
them.Socialist cannot talk about his
subject ten minutes without mention-
ing the capitalist class; yet, he
cannot distinguish the capitalist, who
has ten cents, from the capitalist,
who has ten million dollars, as far
as formulating any guiding principle
is concerned; because capitalism is
nothing but the representative of
private property, no matter how
much he may confuse it with un-
earned increment, nor how much he
confuses the earned with the un-
earned. He cannot take away from
the rich under our form of govern-
ment without robbing the poor first.
Remember that you little fellow with
your cottage home! Before he can
make a law that will apply to a rich
man without applying to a poor man,
he must change, not only our gov-
ernment but the fundamental prin-
ciples upon which it is founded—
equal rights to all men—equal rights
to the rich as well as the poor. The
Socialist cannot check the initiative
of the rich and powerful, without
first applying the curb to the poor
and powerless.His doctrines are doctrines of class
hatred. Christianity will have no
classes, and its underlying principles
will not recognize any distinction in
persons. Talk to a Socialist five min-
utes and learn from his manner,
words, tone and purpose, that he is
preaching a doctrine that would
array one artificial class against an-
other artificial class.Socialism is antipodal to Chris-
tianity, and it would necessarily over-
throw not only the religion, of which
the home is the corner stone, but
also its tenets, philosophy of life and
principles, before a Socialist state
could be made effective, and thenPADUCAH HIGH TO

wearers were jubilant over the pros-
pects of the colors triumphing over
the orange and black of the Hop-
kinsville High school football team
tomorrow afternoon at Lengue park
in the annual football game. All is
in readiness for the great game, both
teams are on edge, while the
weather man has smiled and an-
nounced fair and cooler weather for
tonight with Thursday fair.When High school completed its
last practice this afternoon the players
dispersed to meet tomorrow
afternoon on the gridiron at 3
o'clock to wrest the honor from
Hopkinsville, and by this victory
cause a tie between Madisonville,
Hopkinsville and Paducah for the
High school championship of western
Kentucky. No team can win the
honor, and the best is to prevent
Paducah from descending lower in
the percentage.Serious work has been a thing
of the past for several days. This
afternoon the players went through
a snappy signal practice, but all line
bucking was tabooed, as no chances
were taken on the players receiving
injuries. Coach Hugh R. Craig is
pleased with the work of the team,
which after its shifts has gained
much strength, and some speedy
work will be seen tomorrow. With
the gridiron dry and in good condition
some speedy playing should be
seen and Paducah will have a better
opportunity of a victory. A wet
field would give the heavy players
from Hopkinsville a better opportunity
to carry off the honor. For

What's the Galley Boy Done Now?

A young man who is a leader in the
gilded halls of society, where beauty
reigns, where the long-tailed coat is
supreme, is as powerless out in the
great business world, where men grapple
and go down at each other's throats, as a new-born babe
and just as helpless. He may be a roaring lion in the social world,
going about seeking whom he may
devour, but imagine him, if you can,
just for a moment, battling with the
cold, selfish business interests of the
country trying to make a living for
himself and family. He would be
nothing more than a sheep before
the shearer—yea even a young lamb.
Give us the young man who wants
to learn business, instead of society,
who had rather learn grease than
Greek. Raise your boys up in society
and you have one of the kid
glove variety, when you need a man
to help you.—Benton Tribune-Dem-
ocrat.Customer—Mr. Cutler, why is
bacon so high? Grocer—Because,
ma'am, the supply is limited; there's
only one kind of animal that grows
it.—Chicago Tribune.Joy is more divine than sorrow,
for joy is bread and sorrow is medi-

cine.—Beescher.

It offers no substitute to a heart
yearning for something more than
bread and meat.

But such is merely an ideal state,

says a "practical" Socialist, and we
cannot hope to attain it. Yet, but

it is not our ideal; and a political

party that keeps such an ideal before

it is bound to be influenced by that

ideal and approximate it, if allowed

time and opportunity. We want no

political party in power that places

the state above the home; control of

individuals by the state above control

of the state by consent of the in-

dividuals; that erges out against the

law while planning to make the law

more oppressive. Socialism is a

state of society absolutely regulated

by civil law, and yet, the Socialist

party is recruited from the ranks of

those, who are most bitter toward

what laws we have.

We are thus frank, because we

would have those, who vote the ticket

as a protest, to inquire into the com-

pany they are keeping. Our views

on Socialism are not unique.—Arch-
bishop Glennon addressed the federa-

tion of labor at St. Louis on this sub-

ject, and here are a few aphorisms we

glean from his sermon:

When Christ Jesus carried His

cross up to Calvary and died there

for us, He created for you and me

the only brotherhood ever given to

men.

We do not want our homes to be

shattered by the state. We have

already two such "institutions"—the

pothouse and the peccary.

The doctrine of children in com-

mon has back of it parentage in

common, and that abhors: idea

is the end of civilization.

Beware the philosophy created

over the beer mug and wine glass;

we must be sane and sober if we

will be honest and just.

We are in doubt whether it is

alleys or alleys Joe Wending

wants.

Some interesting persons will at-

tend the conference of governors at

Frankfort.

In these days of suffragettes and
woman's rights movements, it is a
fine thing to witness a play like
"The Spendthrift" that says something
in behalf of down-trodden man.

A REVOLUTIONARY DOCTRINE.

We have been taken to task for de-
claring that socialism is immoral,
as we understand morality; Irreligion-
ous as we understand religion, and
vicious, in that it is destructive of
every principle upon which modern
civilization is predicated. We know
that the great majority of those, who
registered at the polls as Socialists,
represent only a protest; but they
are in great danger from the com-
pany they keep, if they only knew it.Scratch a real, steeped in the doc-
trine Socialist and you will find a
"philosophical anarchist", and
scratch that kind of a fellow and you
will find an atheist and a hater of
everyone outside his "class." They
will tell you that Christ himself was
an "anarchist" and that, if the world
followed His teachings there would
be no distinction between bastard
and legitimate children. They would
put all employment in the hands of
the state, which is reactionary, a re-
turn to the dark ages of industrial
history; they would replace the
home with the state, and in order to
do this, they have absolutely to over-
turn all our modern principles and
theories, builded through centuries
of Christian civilization and human
experience.But the Socialists will say "we
don't advocate any such thing. Here
are what we advocate?" And then
he will enumerate the doctrine and
principles of his cult. But there is
a legal maxim, which runs to the
effect that a man is presumed to in-
tend every natural and logical conse-
quence of his act and word; and
when the Socialist advocates certain
things, he must necessarily include
everything essential to making those
things effective and the natural and
logical consequences flowing from
them.Socialist cannot talk about his
subject ten minutes without mention-
ing the capitalist class; yet, he
cannot distinguish the capitalist, who
has ten cents, from the capitalist,
who has ten million dollars, as far
as formulating any guiding principle
is concerned; because capitalism is
nothing but the representative of
private property, no matter how
much he may confuse it with un-
earned increment, nor how much he
confuses the earned with the un-
earned. He cannot take away from
the rich under our form of govern-
ment without robbing the poor first.
Remember that you little fellow with
your cottage home! Before he can
make a law that will apply to a rich
man without applying to a poor man,
he must change, not only our gov-
ernment but the fundamental prin-
ciples upon which it is founded—
equal rights to all men—equal rights
to the rich as well as the poor. The
Socialist cannot check the initiative
of the rich and powerful, without
first applying the curb to the poor
and powerless.His doctrines are doctrines of class
hatred. Christianity will have no
classes, and its underlying principles
will not recognize any distinction in
persons. Talk to a Socialist five min-
utes and learn from his manner,
words, tone and purpose, that he is
preaching a doctrine that would
array one artificial class against an-
other artificial class.Socialism is antipodal to Chris-
tianity, and it would necessarily over-
throw not only the religion, of which
the home is the corner stone, but
also its tenets, philosophy of life and
principles, before a Socialist state
could be made effective, and then

it offers no substitute to a heart

CURE OF ECZEMA AND DANDRUFF

By One Box of Cuticura Ointment and One Cake of Cuticura Soap. Head Perfectly Clear.

"I am pleased to inform you that I have been cured by Cuticura Soap and Ointment. Since I was a boy I have suffered with dandruff, not only from the itching but from its disagreeable appearance in a scaly form all over my head. I had to brush it off my clothes all day long. I tried every kind of action supposed to cure dandruff, also soaps and shampoos, but it seemed to me that, instead of improving with these remedies, the dandruff increased, even my hair began to fall out and the result was that two months ago eczema developed on my scalp."

"I suffered so from this that as a last resource I thought I would try Cuticura Soap and Cuticura Ointment. They had the most gratifying results for I had used only one box of Cuticura Ointment and a single cake of Cuticura Soap when I was cured, the dandruff gone, this was a time testimonial which comes from a sufferer of thirty years' standing."

"I can assure you that so long as I live no other soap than Cuticura will be used by me and all those near to me. I will also add that I will always use Cuticura Ointment as a dressing for the hair. I feel that you should know of my case if you will use Cuticura Soap this is a true testimonial which comes from a sufferer of thirty years' standing."

A Story of True Love.

With the marriage of Miss Mary Davis to William Lester Hicks in Cairo Sunday there is a little story of true love that almost resulted in a blighted romance. About a year ago the little bride was engaged to Hicks, who is a fireman on the Illinois Central railroad. All arrangements for the marriage had been planned, including the parental consent. The bride was then a clerk in a jewelry store, and one day an old sweetheart, Sam Winston, also an Illinois Central fireman, stopped in the store to have his watch repaired. The embers of love were fanned into a flame, and as a result Miss Davis forsook Hicks, and eloped to Fulton that night and married Winston. However, their married life proved unhappy, and recently a divorce was granted. All the while the love of Hicks had not grown cold, and he courted Miss Davis again. As a result the couple quietly went to Cairo Sunday, and the romance was completed.

says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance, for keeping the hair dark, soft and glossy, nothing equaling our grandmothers' "sage tea" has ever been discovered. Although, by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the "tea" ourselves, we simply go to the nearest drug store and ask for a bottle of Ewel's Sage and Sulphur. This preparation is sold by all leading druggists for 50 cents and \$1. bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of 25c.

Celebrated By the Association.

Carthage, Tenn., Nov. 23.—Headed by Mayor J. N. Fisher, of Carthage, a big reception and entertainment committee extended a royal Carthagian welcome to their guests from Nashville, Lebanon, Gallatin and Watertown on the occasion of the celebration incident to the dedication of locks six and seven, the visiting delegations being increased by some 150 up-river citizens who

CATARH DOCTOR.

Cures Catarrh, Acute or Chronic,
or Money Back.

Would you pay one dollar to rid
yourself of disgusting catarrh?

Then go to Gilbert's drug store to-
day and ask him for a Hyomei outfit
and you will not only engage, but
you will own outright, a little catarrh
doctor that has cured more cases of
catarrh than all the catarrh specialists
on earth.

In the \$1.00 box which contains
the Hyomei outfit, you will find a
little hard rubber vest pocket in-
haler.

Into this inhaler you pour a few
drops of Hyomei. Then all you have
to do is breathe through the little
inhaler, either through the nose or
mouth, according to where the
catarrh is located.

When you breathe HYOMEI you
breathe a powerful yet soothing
antiseptic air, which as it passes over
the inflamed and germ-ridden mem-
brane penetrates every fold and
crevice, and destroys germs com-
pletely.

Stomach dosing never cured catarrh,
sprays and douches always fail;
and why? Because they don't
get where the germs are, and as a catarrh.

HYOMEI is guaranteed by
Gilbert's drug store and by druggists
everywhere to cure catarrh, coughs,
colds, croup and sore throat.

The Famous Rayo

Gives the Best Light at Any Price

When you pay more than the Rayo price for a lamp, you are paying for extra decorations that cannot add to the quality of the light. You can't pay for a better light, because there is none. An oil lamp has the least effect on the human eye, and the Rayo Lamp is the best oil lamp made, though low in price. You can pay \$5, \$10, or \$20 for some other lamp, and although you get a more costly lamp, you can't get a better light than the white, mellow, diffused, unflickering light of the low-priced Rayo.

Has a strong, durable shade-holder. This season's burner adds to the strength and appearance. Made of solid brass, nickelated, and easily polished.

RESOLUTIONS BY LABOR MEETINGS

RAILROADS REBUKE FOR MAKING ADVANCES.

The River Improvement Opposed Unless States and Cities Provide Terminals.

OTHER RESOLUTIONS ADOPTED

St. Louis, Nov. 23.—The American Federation of Labor voted to adopt a resolution, the purpose of which was to centralize in its officials the power to call general strikes in given localities. President Gompers led the opposition. He declared such matters should be left to the locals affected.

Another resolution, unanimously adopted, rebuked the railroads for the increase in their freight rates. The resolution states that if the railroads would squeeze the water out of their stocks, they would not need higher rates to increase their revenue.

A resolution asking that congress be petitioned to enact a law for the pensioning of workmen reaching the age of 60 who have no other means of support, was defeated.

The convention adopted a resolution opposing the government appropriations for river improvement on waterways, except in cases where states or cities interested agree to provide a landing for all vessels without discrimination.

DRAW MORGAN IN

FURNITURE WITNESSES MENTION J. P. MORGAN.

Washington, Nov. 23.—The specter of the influence of the big banking and railroad securities firm of J. P. Morgan & Co., of New York, upon the testimony of shippers was injected into the hearing of the freight rate increase case before the Interstate Commerce Commission.

This surprise of the day was sprung by Attorney Lyon, of the

commission, who induced W. H. Gay and Stewart Footh, witnesses representing the big furniture house at Grand Rapids, Mich., to say that their appearance was at the suggestion of George W. Perkins, of the Morgan syndicate, which dominates many of the railroad interests in the country.

The significance of this testimony, in connection with that of witnesses that while they opposed pending advances, they would not object to a general increase of rates throughout the country, was that stories had recently been circulated indicating a plan of the railroads to thus control the shippers and then bring about a uniform increase or rates applying to the country as a whole.

The propaganda thus instituted is in harmony with testimony given recently by presidents of several big railroad systems, bearing on the need of increases in order to enable them to make improvements.

All kinds of claims are being put forward why this citizen should enter into this or that governor. The tangle is to be straightened out by tomorrow, or the next day, when Governor Wilson will have heard from the governors who, up to this time, have not been able to answer positively that they can be here. One of these is the newly elected governor of New York state, John A. Dix. Several messages have been dispatched to him, and forwarded to points up-state, in New York, where he is meeting the people, who didn't get the opportunity to meet him before his election.

Committees Busy.

The ever hospitable citizenship of Frankfort has been divided into many committees, and these are working overtime this early perfecting arrangements so that everything will move without a hitch upon the first arrival. Every automobile within a radius of a dozen miles has been pressed into service, and every governor will have an auto at his disposal for every minute of the time.

The notable affairs, aside from the initial meeting of the conference, in the handsome new capitol, are to be the reception by Governor and Mrs. Wilson, and the luncheon at "Thistleton," the country home of Col. E. H. Taylor, Jr.

The program, tentatively arranged by Mr. William George Jordan, of New York, secretary of the conference, is in the hands of Governor Wilson, but it probably will be given out from the office of the secretary when it has been ascertained that those who are set down for talks can be present at the conference.

Wilson and Harmon.

Two of the "big fellows" among the governors, Woodrow Wilson, of New Jersey, and Judson Harmon, of Ohio, are on the "sure" list of those who are coming. The former president of Princeton is to be the guest of the Rev. Dr. Jesse Ziegler, pastor of the First Presbyterian church, and a former Princeton boy. Governor Harmon is to be with former Gov. J. C. W. Beckham. Governor Claude Swanson of Virginia, is to be the guest of Colonel Hoge, and the governor of Arkansas, is to be with Mr. French Hoge.

FUSIONS DEMAND FROM REGULARS

CERTAIN THINGS FOR SAKE OF HARMONY.

What They Will Agree to Is Stipulated in Written Statement.

VOLUNTEER STATE POLITICS

Nashville, Tenn., Nov. 23.—

Through a publication in the Tennesseean, a fusion organ, it has become known that the independent Democrats have made overtures toward the regulars with a view of making peace. They were made in black and white, it is said, and the instrument is very voluminous. Regulars claim that it is an offer to roll out, a proposition which would make the state legislature a staple article of commerce for political bosses in the disposition of state offices.

For several days, it is stated, the document has been in the hands of political bosses. It was made by Luke Isaacs, T. R. Preston and A. M. Shook, Nat. Baxter, Jr., Maj. W. O. Verter, and J. C. Bradford, and asks for practically all the high offices and the United States senatorship.

Independents through the proposition demand the renomination, the re-election of Frank Dibrell as comptroller, and the election of E. W. Thomas as chief clerk of the senate.

Another clause of the proposition suggests that those portions of the temperance laws generally objected to may be referred back to the people.

In order that their action not be considered a complete throw-down to allied republicans, they demand that the eleventh congressman, should the census for the state add another, be made a republican.

Following is the price fusions propose the regular democrats to pay for peace:

United States Senator—Any man to be named by fusions.

State Treasurer—Reas Folk, Comptroller—Frank Dibrell, Speaker of the House—Any man named by the fusions.

Future Party Control—One-half of the state democratic committee.

National Committeeman—That the committee decide contest in favor

of R. E. L. Mountcastle.

Election Laws—No particular change save to extend over entire state.

State Debt—to be refunded by a commission that the fusionsists name.

Local Laws—Local delegations to have absolute control save as to election and liquor.

Appointments—to abolish no office now existing which is filled by the governor.

The proposition is being regarded as one of the most audacious by regular Democrats ever suggested.

RIVER FORECAST.

The Ohio at Paducah will continue at a stand for the next few days.

ARRIVALS.

Ohio, Goleonda, George Cowling, Metropolis, Robertson, Owen's landing, Brookport and Livingston Point, John L. Lowry, Evansville, Clyde, Joppa, Reeder, Cairo.

DEPARTURES.

Ohio, Goleonda, Clyde, Waterloo, Ala., Cowling, Metropolis, Robertson, Owen's landing, Brookport and Livingston Point, Alvin, Ft. Henry, Tennessee, City of Birmingham, Tennessee.

RIVER RAPIDS.

The river here has remained practically stationary for two weeks. There was no change this morning, the gauge showing 2.6 feet.

Loaded to her guards the J. T. Reeder returned from Cairo at 4 o'clock this morning with 1,500 sacks of corn from Turner's landing for Mallory & Mitchell, this city. The corn was unloaded at the N. C. & St. L. wharfboat at the foot of Norton street.

There was no Cairo packet today, the Reeder having tied up until after Thanksgiving. She will probably make a trip to the Cumberland river Friday.

The gasoline boat Alvin left today for Ft. Henry, Tenn., with a good trip.

The City of Birmingham leaves this evening for the Tennessee river.

At the wharfboat the Clyde, which returned from Joppa yesterday, is receiving freight. She will leave this evening about 6 o'clock for Waterloo, Ala.

The Kentucky should come out of the Tennessee river from Riverton, Ala., tomorrow night or Friday morning, making a return trip Saturday evening.

The Ohio arrived from Goleonda

on time this morning and left at 2 p. m. for a return trip.

Arriving from Evansville at 3 o'clock yesterday afternoon the John L. Lowry remained over until 11 o'clock last night to clean bollers. She will return Friday night or Saturday.

The George Cowling made her two regular trips between Paducah and Metropolis today on time.

The ferryboat Robertson enjoyed a big business today between Paducah and the Illinois landings.

Fewer yachts, houseboats and other pleasure craft have gone down the river this fall than formerly. The low stage of water in the upper rivers is said to be responsible for limited numbers of this class of boats on the river.

The Mississippi river commission is preparing to build an elegant steel hull side-wheel steamer in which to offer to settle a \$3,000,000 suit shatterboxes.

make its inspection trips down the river. Bills have been received on the boat from the builders as follows:

The Charles Ward Engineering company, Charleston, W. Va., \$99,500; E. J. Howard, Jeffersonville, Ind., \$105,265, and James Rees & Sons, Pittsburgh, Pa., \$114,000. The time required for building such a steamer is about a year.
